Newsletter March 2020

Dear Friends

Once again we are so happy to share with you about the life in India, even in times of the Covid-19 Virus.

¹³ "When I shut up the heavens so that there is no rain, or command locusts to devour the land or send a plague among my people, ¹⁴ if my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land. ¹⁵ Now my eyes will be open and my ears attentive to the prayers offered in this place.

2. Chronicles, 7, 13-15

Let us pray and stand together, calling Gods name.

THE KIDS

At the moment the schools are closed, because of the Corona Virus. Till to the 31.3.2020 there is a look down for People in India. Transports and shops are closed, except pharmacies and food stores. The boys we have to send home. We advised them with all the hygienic rules. The kids have only to appear at the school to write the exams. Because of the look down the 1-8th grade students doesn't have to write their exams. Right now the students of the 11th & 12th grade wrote their exams. The 9th and 10th exams are being postponed to April 15th onwards.

We hope they will pass. Some of our boys are a bit weak in the school. And now this situation will not bring more success. Please pray specially for them to pass the exams. Now we have 3 boys writing the 10th. If they pass they can go to the 11th standard. For 3 boys we have to find a place to study. Malessen will go to the

College, Kumar and Ulliren will go for a diploma course.

We hope to find a good place for them.

End of February 2 lady's came for a visit to India.

Together they had a lot of fun. Our kids always enjoy. I'm sure it's for everyone an enrichment. Right before the Indians closed the border they could fly out.

THE CONSTRUCTION

The school building: Because of Corona our construction work will be shut down a bit. People are not any more aloud to travel.

But slowly everything is going to be finished. We levelled the whole ground. At present we are still on the interior design

The foundation for the toilets we also could start. Workers are building the

walls with the cement stones. Anbu is always on the way to find the right, good material. He gets a lot of knowledge to do this. God is gifting him in a wonderful way. May God give him a lot of strength!

The Kids home:

The work is in good process. The walls

were done by liquid cement with the lorry.

Now all the 4 walls are up, and few days ago a track has put the mud back. So the people can prepare the first roof. The level we are working on it is the underground level.

The children wealth fare department says exactly

how many rooms and how many square meter are required. That's why we have to build 3 levels. Thanks for all your support to finish the school house and the kid's home.
