

## NEWSLETTER 09/2021

### DEAR FRIENDS

Greetings in the sweet name of our Lord & Saviour Jesus Christ. Once again we are so pleased to update you what is happening in India.

### THE KIDS

By the grace of God our kids are doing well. Most of them are still at home, 4 boys are at the moment in Grace Home. The Indian schools are re-open after 18 months only for class 9 - 12<sup>th</sup> rest of the classes are remaining closed. From the 1. November onward they plan to re-open the 1-8<sup>th</sup> standard. But everything is very unclear, and not secure yet. Ulliren, together with his Mum on the photo, is now interested to a diploma course in electric and his wish is also so being a driver. Our wish for him is to give first a basic education, before his going for be a

driver. Then the driver job is hard in India. Malessan, together with his father, has applied at a college in a bigger city for Electronic & Communication software. If he will be get a place there, he'll stay at a boy's hostel in the surrounding area. Please pray for this 2 boys, the right doors will be open for a study place. One of our boy, Muniraj he has been sold from his mum, for 1 year for 25000 INR (= 300 Euro) as a slave to a riche family to work on the agriculture filed, because of the poverty and family crises and the misery of Covid - 19. Now we paid this money back to the high cast people and he can join the 11<sup>th</sup> standard and carry on the school. Even they didn't stay in Grace Home, every week our kids were faithfully praying and worshipping the lord in small groups.

### THE CONSTRUCTION

The school building is nearly done, only by the 3 floor has to be done the interior work, outside the wall will be finished by painting. We hope and pray

that the Lord will provide all the needs. The paper work is in process to open the school. We wish to see soon the school house will be filled with kids. Teachers we can soon recruit, because many are searching a job. Our priority we'll give to Christian Teachers. Please pray, we may find good and

faithful people for our school. **The boys home** is nearly done; we are at the last level. For the roof we have to buy again steel, stones we already both. Afterwards we will start with the interior work, floor tiles and painting the walls. By **the girls' home** the work has been stopped, we will carry on after finishing the boys home. The Lord is good to us, he's supplying all our needs and we get good workers. What happen in the last month was only possible, because of many of your faithful prayer and your help. We are so thankful to God and you.

### MISSION WORK

The coming months we would like to buy land for a new Church in Doddamanchi, where some of our kids are coming from. In this village are around 2300 2300 people living. Most of them are traditional fundamental Hindus. Not even once they have heard about the Lord Jesus Christ. To go to the next village, it takes 35 km. It's high up in the mountains. It's our duty and responsibility to bring light in this area. We like to share Gods love and his word. Let us bear fruit in our daily life. By the grace of God, we are helping & doing the needful for

the poor and needy people around us. Covid -19 made many of the people unemployed. The rate of sickness and poverty went up. Some poor and handicapped people we offer rice, oil, dhal and vegetable etc. for their daily survival. During this actions, we often have deep conversations with them about life and the meaning in life. Many of them are suffering and struggling, and can't find help in their Hindu gods. The interest is very high in knowing the real God, because in India people need a God.

In July one of our pastor has opened a small church in his native place. At present there is only a small room, side by the work is going on, and it will be a nice big church. Several people came to hear the gospel and had food together. Every week around 20 believers are being part of the service. At present, in his area is not so much persecution. We hope and wish to see, many more people are being part of this church and coming to know Jesus Christ.

The pastor, his wife and the girl are living a very simple, humble life, but their hearts are burning to share the gospel under the unreached one. Let's pray for the people in this region, they may find the real truth in Jesus Christ. Please pray for their faith in Jesus they may grow in him. God is bringing harvest in church to God be the glory. *"Believe in the Lord Jesus, and you will be saved- you and your family" Acts 16, 31*

### VARIOUS

Covid-19: the health system is still overwhelmed, the hospitals are busy with Corona Patients, and to get medicine is really difficult. The corona vaccine is done just by 12 % of the Indian population. And India has still closed the borders for international travels. Please pray to the Indian Nation, the government and the leadership.

Till now we had a good rainy season. We are thankful, we could plant rice and hope to harvest it

in November/December. Ordinary Indian daily labour ladies are doing great job in planting rice, which took 3 days.

### WE ARE PRAYING GOD FOR

- \* our kids are slowly getting back to grace home
- \* for the good Rain till now
- \* the church opening
- \* our kids are going for further study
- \* his daily care
- \* for good health of our kids and their families

### PRAYER REQUEST

- \* for more courage to witness or Jesus Christ
- \* for healing of the land from Covid-19
- \* for the construction as enough material
- \* for the school licence
- \* for good teacher and school will be opened next year
- \* protection of the christians

Now we like to say thank you to you for your valuable financial help and prayer support. Without you and God's grace we couldn't do this work

God bless you.

Love from

Anbu & Barbara
