

MY GRACE IS SUFFICIENT FOR YOU
2 CORINTHIANS 12:9

Grace Home Ministry

Christian Missionary Work & Children's Home, India

Newsletter Mai 2020

Dear Friends

Herewith we let you be part of our work in India.

THE KIDS

Since the lock down started middle of March, our kids are at home by their families or relatives. The Schools are closed, the exams are postponed, at present end of June to middle of July.

Then our boys from the 10th and 11th have to write their exams. The school start will be in august, as for now. It depends, how the Corona Crises will develop.

We hope our kids are even at home sometimes opening the school books and study a bit, because there is no home school system.

Anbu has regularly contact with the boys by phone. At present their well and healthy. We just hope and pray the food may be sufficient for everyone in their family, because all of our kid's relatives are daily labours.

Through the lock down they don't have any more work, no work means no money, and no money means no food.

THE CONSTRUCTION

School building: Even because of Corona we could build. The masons are covering the walls and the painter are painting. Still interior work is also going on.

The first 10 days after the lock down nothing worked on the construction. But soon after, workers requested Anbu for work, because the fear of hunger was bigger than the

fear of the virus.

So we allowed them to come, but keeping distance and staying overnight in Grace Home. Now in this time we also build the toilets.

Because we had a lot of material, they could work. Now Anbu can buy again material, but the price of

cement is much more expensive because of the economic crisis. To be able to open the school, we need to have built the toilets. That's why Anbu has given priority on that work. Soon we'll fix the roof with bricks.

The kid's home: Also here we could finish the water tank and are preparing again walls with cement. We don't use liquid cement, we do the work by hand to employ people.

Step by step we will carry on. With the help of you all we can reach the goal. Thank you so much.

THE MISSION WORK

The Corona Crisis brings misery and fame.

Millions of Indians are without work, that brings automatically the question, what do

I eat? Most of them are not having a bank account with some saved money. We from Grace Home could deliver nearly 200 families food. Mainly oil, reis, dhal, flour and

some vegetables. This widow with her children Anbu visited, and we helped her. She was so pleased.

Later on Anbu visited with other people together a Gypsy village. This people

there are very poor. Before we given out the food, we advised them to sit and we shared

some words from the bible. We explained why we are here and who is Jesus Christ.

He has shown you, O mortal, what is good. And what does the LORD require of you?

To act justly and to love mercy and to walk humbly with your God

Micah 6:8

We are so thankful to seed the word of God and we hope and pray, it will fell on good ground and bring fruits. Booklets or the New Testament we couldn't distribute, it would be to danger.

This handicapped lady we also visited and

given food. She heard the first time from God and has seen Christians helping her. Exactly for this people is it very difficult, even more in this Corona time, because nobody is helping them.

Handicapped and sick people will be rejected by their one peoples.

VARIOUS

Many places in India are suffering of dryness. They're fighting for drinking water. Please pray for rain. There is a huge plague of grasshoppers in North India. One more Crises is coming together with the Corona Crises.

We also need some more paper to start the school, and good teachers. At the moment we couldn't do anything, we trust in God he will help us.

Prayer points:

We pray for:

- We need rain
- Good teachers and all the permissions for the school & school books
- For the gypsy people, they're very much interested in Christ
- For the handicapped lady, she and her family will come to know God
- To tell the gospel to many more Indians
- God may heal the nation
- The grasshopper & Corona plague
- For enough finances to finish the buildings

We are so thankful for:

- Good health of us all
- The work we could do even in Corona times
- Our faithful workers
- God's blessing and protection
- We could deliver food and share the good news of Jesus Christ to the people

Now we like to say thank you for your grateful prayer and financial support. Without your help and God's grace we could not do this work.

God bless you

With Love

Anbu & Barbara
