Newsletter October 2019

Dear Beloved Prayer partners.

Greetings in the sweet name of our Lord and savior Jesus Christ.

Once again I am glad to keep in touch with you all through this Newsletter. The spirit of the Lord has been working in an amazing way.

Today the Grace Home children's in India do praise God and know him personally because of your precious prayer, faithful and generous heart towards us. We are very much thankful to you all for your Faithful help and prayer offering to us.

The children's are growing well. Nagaraj and Marie have started their education. They're both so happy. They got a laptop from the public school, because they finished the 12th standard.

The other kids are now also aiming to go for a future college. That's good to see when their motivated. In their spiritual life they

learn day by day and are growing better. We praise God for that.

They do learn new songs and learn word of God while they study the Bible they do ask lot of question about the meaning of the Bible and the kids want know more of the deep meaning of it. It makes us very much closer draw to Jesus our father in heaven.

This week I have been teach them about the Lord's Prayer the kids were so happy to know more about Jesus Prayer.

In south India we are facing so much water crisis really very tough time. People, farmers & cow animals are facing lot of water crisis, not so much farming & not sufficient drinking water. Let us pray that god will send more rain. Kindly remember us in your prayer.

Oh Lord please have mercy upon this land. Water not only sustains our bodies and communities, but also is an integral part of our spiritual lives. The Bible is rich with images of water that symbolize new life, cleansing, and the fulfillment of God's promises.

The Bible says My People have committed two sins: they have forsaken me, the spring of living water and have dug their own cisterns broken cisterns that cannot hold water. Jer 2.13.

Mission in India

During a church service Hindus have been badly attacked a church in our neighbor town. What ever happen may be the cross before us and the world behind us. In the future we have to be smooth of choosing way's to spread the gospel.

For it is better, if it is God's will, to suffer for doing good than for doing evil. **1 Peter 3:17**

Last month we had a very good Evangelism work in villages, mostly in unreached areas. When we went from door to door evangelism the kids and elders were so happy to hear about the Lords song and messages from the Bible. Some village people are very critical they are not so happy to come out of Hinduism faith. Still God is at work. We never give up spreading the Gospel. Only God can do the miracle. In

In Grace Home we could drill some more

Persecution in South & North India.

In India we are really facing lot of violence against the Christians. It's not so easy now this days.

We do work among the poor and needy people. One of our Grace Home child, Marie, she is now in a Nursing college, her village is located in deep forest area. They have been so much requested me for a bore well. We have helped them to drill the bore well. Finally they found enough water. Because of this bore well the whole village

people will get access to good drinking water.
